

...and the Lotus Opened

ABOUT THE BOOK

Whether we know it or not, each of us is on a quest to discover our true self. And the road we travel to accomplish this goal is unique for each of us.

This is Marie's hero's journey of walking her path and overcoming hardship and heartache. Enduring an absent mother and a harsh, pseudo-family and surviving ongoing abuse and trauma, Marie learns to trust in The Divine and in her inner self.

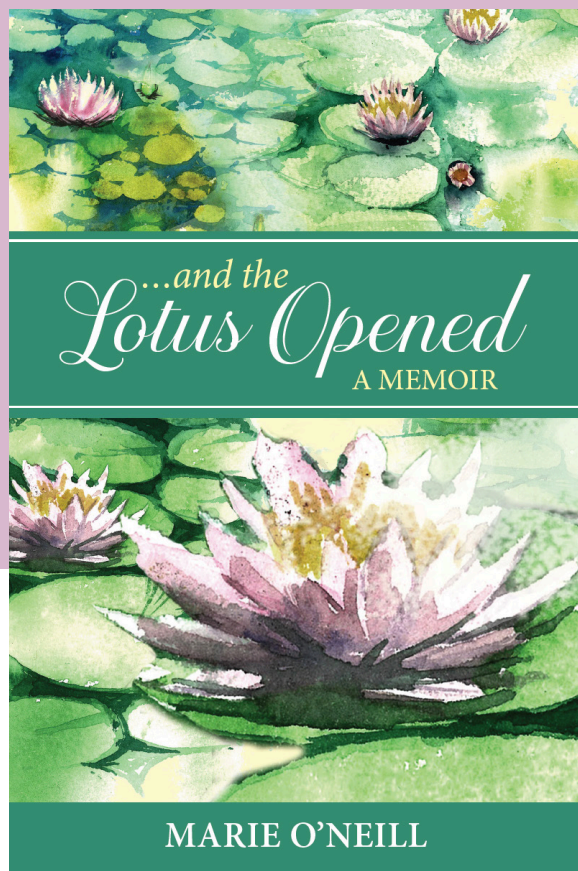

Releasing herself from the emotional chains that bind her, she discovers her personal power and who she is, and she learns what "Being Free" really means. Overcoming adversity, she earns an MBA, becomes a Master Level Astrologer, and obtains holistic coaching certifications.

Today she leads others on their path to authentic freedom using metaphysics, astrology, Buddhism, and healing practices.

PRAISE FOR MARIE

"Having known and worked with Marie over the years, I fully endorse her as a life coach, astrologer and reader. The astrological insights she offered to me around my moving were invaluable. In one particular tarot reading she was able to resolve a life time issue bringing me a sense of peace and closure. She works with integrity and real concern for her clients. Marie is one who has "walked her talk". She has the capacity to hold a sacred space for her clients and bring helpful insights and information that is not only practical but healing." - Gillian L.
